INTRASOFT International successfully completes the implementation of SAP Business All-in-One for Professional Services for European Profiles

Peania, April 12, 2010 - INTRASOFT International, a member of **INTRACOM IT SERVICES Group**, has successfully completed the implementation of **SAP Business All-in-One for Professional Services** solution, for **European Profiles SA**.

European Profiles S.A. is an international consultancy based in Athens, Greece, with presence in over 50 countries around the globe and annual turnover of around € 11 million for 2008. The company offers consulting services to public and private institutions on a wide spectrum of domains spanning from economic and social development to hands-on support to businesses and is positioned among the major European consultancies to implement complex Technical Assistance projects within the European Union.

The implementation lasted 3 months and covered all business processes in the following areas: Financial Accounting, Asset Management, Controlling, Purchasing Management, Sales Management and Project & Time Management, fully meeting the needs of European Profiles to successfully manage and monitor its projects globally. The SAP project has been in operation since January 2010.

The project was based on INTRASOFT's International **preconfigured SAP solution** for the **Professional Services Sector** that covers all business processes related to project management, from budgeting and monitoring deliverable services from subcontractors or own employees, to customer billing. The SAP solutions offered by **INTRASOFT International** are distinguished for: the high quality of services, the short implementation time, so as to ensure business continuity, the cost effective implementations without additional costs or readjustments and the possibility of being customized to cover customer-specific business needs.

Mr. Dimitris Bakolas, President & CEO of **European Profiles**, stated: "Our expectations from the **SAP** implementation are high as far as organization improvement, project management and employee performance are concerned. We are very satisfied with the immediate response from the INTRASOFT

International team and overall collaboration, as well as the adaptation of the SAP solution to our company's business needs.”
